Core Values

- **Inclusive.** We embrace cultural inclusivity and work to understand and respond to different cultural needs of our counties and communities to ensure equitable access.
- **Build Trust.** We provide a safe and respectful space for diverse community representatives, and listen to communities to build trust and buy-in. Our efforts support community engagement and belonging.
- **Collaboration.** We practice shared responsibility, collaboration, and leadership with our member and partner organizations.
- **Collective action.** We strive to effect meaningful broad systems and cultural change of organizations and individual attitudes to impact social determinants of health and improve health outcomes.

Priorities for Year 1

- The most pressing need relating to health equity is to **increase awareness.**
